

OUR PARTNERS

CIPG has established links to different sorts of stakeholders. At the national level, the Centre has provided research and consultancy services to various governmental bodies, particularly the National Research Council and Ministry of Science & Technology.

CIPG has also established close contacts with other state research and development institutions, universities, the industry sector, as well as prominent civil society organisations working in media/ICT, development, and human rights across Indonesia and press/mass media.

At the international level, the Centre works closely in research collaboration with international organisations located in Europe and North America.

Innovation Policy and Governance

WHO WE ARE

Centre for Innovation Policy and Governance (CIPG) is a research-based advisory group which aspires to excel in the area of science, technology, innovation, and governance. Founded in July 2010, CIPG is considered to be among the first advisory groups in Indonesia with a keen interest in building Indonesian research capacities across many sectors.

WHAT WE DO

CIPG has four main activities, namely:

Not only in Indonesia, but also in the context of South East Asia. Working under a broad theme as such, CIPG mainly focuses on major issues such as:

- Innovation management and policy
- Technology and social change
- Science and technology development strategy and policy
- Sustainable development
- Knowledge management
- Supply chain management
- Corporate governance
- Civil society empowerment

WHY CIPG

Based in Jakarta – Indonesia, several CIPG's associates are also affiliated with research centres in the United Kingdom. With well-experienced research staff, CIPG is becoming the leading advisory group combining sub-national and international organisations.
